From: Community Nutrition Team
Subject: Needs Assessment Research Launch

Dear Child and Adult Care Food Program participants:

The online and telephone CACFP Needs Assessment Survey for sponsoring organizations, child care centers, and day care homes is scheduled to launch the week of January 13. A random sample from each group has been selected to participate in the survey. Invitations will be sent via email and/or postal mail. Participation is voluntary; however, FNS encourages all those who are contacted to provide their input for this important study. Please refer to the email below for more information.

Thank you.

Subject: Child and Adult Care Food Program (CACFP) - Needs Assessment Research Launch

Dear Child and Adult Care Food Program participants:

As part of the Healthy, Hunger-Free Kids Act of 2010 the USDA Food and Nutrition Service is preparing to launch a nationwide research survey of the Child and Adult Care Food Program (CACFP) participants that serve children up to age five. The survey will be conducted by KRC Research, an independent survey research company. The purpose of the survey is to get input from State agencies,

sponsoring organizations, child care centers, and family day care homes across the United States about nutrition, physical activity, and electronic media use in centers and homes. Please note that you may be randomly selected to participate in this survey. We encourage your participation as the results from the research will be used in the development of nutrition and wellness resources and technical assistance materials for CACFP providers.

Thank you.
